

**V-Twin Mfg.**  
**GAS TANK, COIL MOUNT RELOCATION KIT**  
**Fits 1995-UP XL**  
**VT No. 38-0218**

**This is a custom application and rider safety depends on proper installation. This product should only be installed by a knowledgeable and trained motorcycle technician. V-Twin Mfg. accepts no responsibility for improper installation.**

The 38-0218 Bracket Set allows relocation of the key switch and coil on 1995-up XL models.

1. The key switch must be relocated to the side, back of top motor mount because of the longer tank.
2. The wiring is long enough and for the relocation.
