

Breather Valve Service

Motor Shop Ready Breather Valve Machining Service can be performed on any 1936-99 Big Twin Right Hand Case. Breather hole will be honed out and fitted with a +.030 steel breather valve. If Breather Hole will not clean up with oversize machining process we also offer sleeving service requires boring of breather hole and then fitting with sleeve. We will then final hone and fit with standard size breather valve. Ship in your right hand case and we will return to you by UPS with a turn around time of 15 working days.
