

# 41mm Fork Tube Set

### Attention!!

These fork tubes have been manufactured and tested for exact fit and application per model. It can be difficult to identify the front end assemblies because they may not always be original equipment. Before installing, compare old and new tubes. Be sure the stock top plugs fit into the new fork tubes. To avoid scratching the chrome, we suggest that the tubes be lightly rubbed with oil before installing into fork legs. Be absolutely sure you have the right tubes before you install them. No fork tubes can be accepted for return that are scratched or damaged due to improper installation or handling.

Polished Chrome

Hard Chrome

24-0961

**41MM Fork Tube Assemblies** are hard chrome finish. Note Brands listed. Include top plug, springs, spacers and internal pieces completely assembled. Order bushing set separately. **FXST 1984-99**
