

Battery Cable

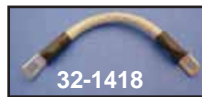

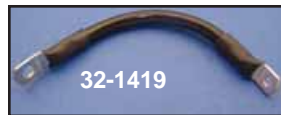

Extreme Duty Battery Cable Sets. These two gauge wires very fat and very flexible battery cables will transfer more cranking power with the very least amount of voltage drop. Over 2000 bare strands of copper are covered with special vinyl insulation that is covered by a synthetic thermo-rubber jacket. Sealed and insulated with black heat shrink tubing means no moisture will get in these cables.

VT No.	Fits	Cable Lengths
32-2007	1989-up FXST	10" & 12"
32-2008	1991-up Dyna	10" & 15"
