### **Fork Boot Cover Set**

**Fork Boot Covers** for 1980-07 FXST, 1980-1986 FXWG, 1993-2005 FXDWG with 41 m Front Ends. Easy to install with no need to take your Front End apart, an no tools required. Simply place the 2 pieces over the rubber dust boot cover, so the seams are at the sides, then secure with the interlocking springs. (One end threads into each other.) **Note:** To ensure the interlocking springs stay secured, apply some Loctite to the threads prior to threading them together.
