

INSTRUMENT GAUGE BEZEL COVER KIT
VT No. 39-0700

GENERAL

Kit Numbers

74541-00

Models

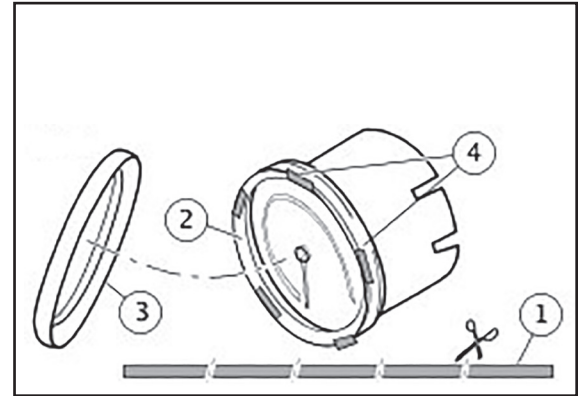

Fits 11.7 cm (4 $\frac{5}{8}$ in) diameter gauges.

Table 1. Kit Contents

Quantity	Description
1	Bezel cover, for 11.7 cm (4 $\frac{5}{8}$ in) diameter gauge
1	Adhesive tape, double-sided

INSTALLATION

1. Clean the instrument bezel and bezel cover with a mixture of 50-70% isopropyl alcohol and 30-50% distilled water. Allow to dry thoroughly.
2. See Figure 1. Cut the tape (1) into five equal pieces.
3. Remove the paper liner from one side of the tape, and apply the tape to the front face of the gauge, pressing firmly into place. Space all five pieces equally as shown.
4. Remove the outer liner from the tape.
5. Place the bezel over the gauge, and press firmly into place.

- 1 Tape (cut into 5 pieces)
- 2 Instrument bezel
- 3 Instrument bezel cover
- 4 Apply tape to this surface
